He also explained some of the services that Blair County Planning Commission offers to the municipality.

Mr. David Imler had sent a request to Allen Gibboney of Gibboney and Gibboney to take action on a matter with taxes not being paid to the township from a company called Centax. As of this month's meeting Allen had not replied so Dave brought it before the board of supervisors. Barrie made a motion to do this, David seconded it and all were in favor.

Mr. Rick Baker has noticed some tractor and trailers on Canoe Mt. Drive. He has the road bonded for his Logging Company, Baker Logging and is worried that if damage is done to the road his company legally will have to pay for the damage even if it was caused by the

Payment for the township office will happen in three installments to B&W construction and will come from the PLGIT General Account and from the Sewer Fund which will eventually be closed out and transferred to the Hi-Fi General account.
