Roadmaster Report

1. JR and Hemlock project- Missed the deadline for getting the 2A down. Michael Fay found out today after meeting with Blair County Conservation that an 18' paver is needed. The township has an 8'. The bid was done using two passes with an 8' paver. Roadmaster will get a quote from Grannas Brothers to have them do the placement of 2A and DSA.
2. Chestnut & Yellow Springs needs paved. Will look into submitting a grant to do drainage and possible pave next year.
3. CrossValley & Yellow Springs- the corner has some rocks coming down and could use some pavement in the area to avoid possible vehicle damage.
4. Michael Fay had a meeting with the Contractor putting in the pipe lines for the Water Authority. There was damage on Hill Street where tandem trucks were driving. There is a 10 ton weight limit and the road should have been bonded. It was not. The contractor feels that the damage was not caused by them and will not fix it. The township will send the

Water Authority a letter explaining the situation to see if this could be resolved.

5. There was a complaint about trucks driving on Canoe Valley. There is a 10 ton weight limit and signs saying “no trucks”. There is concern over damaging the roads.

No bills to pay at time of meeting.

Heather Flaig made a motion to go into executive secession to discuss personnel concerns, seconded by Ralph Rispoli.

A motion was made by Ralph Rispoli to go back into regular meeting session, seconded by Heather Flaig.

Ralph Rispoli made a motion to appoint Heather Flaig as assistant secretary. Supervisor Ken Breneman was called on speakerphone to vote, but was not able to be reached.

Heather Flaig made motion to adjourn. Seconded by Ralph Rispoli.

Respectfully submitted,
Heather Flaig, Township Supervisor
